

Journaling about privilege, identity and outreach

Now that you have watched *Harvest of Dignity* and *Cultivating Care*, take a moment to reflect on your role as an outreach worker.

It can be meaningful to reflect on how the absence and presence of privilege have influenced your own life and views. When you think of different kinds of privilege, how have you either benefited from or been subjected to each kind? You can refer to this [checklist](#) or a more detailed one [here](#) for examples of how privilege may show up in our lives.

- White privilege
- Male privilege
- Straight and cis privilege
- Language privilege
- Able privilege
- Age privilege
- Religious privilege

Now take a moment to write down your responses to the following questions:

1. How do you see yourself connecting to others through your outreach work?
2. What do you predict will be some of the challenges you'll face?
3. What unique experiences will you bring to your work?
4. In what areas would you like more support or training?
